

# ASP6005

- Upright Growth Habit
- Very Dark Green
- NTEP tested
- Turf Quality and Disease Tested in Oregon and Pennsylvania
- Gray Leaf Spot Resistance

ASP6005 Turf Type Perennial Ryegrass is a low growing upright variety. It has an exceptional dark green color and forms a dense, fine textured turf.

This new variety has been screened for resistance to Brown Patch, Pythium, Leafspot and the Rust disease complex. ASP6005 has endophyte levels which improves resistance to environmental stress and specific insect pests.

ASP6005 performs well during the hot humid summer months as well as during cool spring and fall conditions.

ASP6005 can be planted alone or used in blends and mixtures. ASP6005 has a color and texture which are compatible with other top rated dark green, fine textured cool season turfgrasses.
